

Background: The NSCS Grayfox TWR 825 (Grayfox) ship is located in Port Huron and is close to the YMCA of the Bluewater Area. The NSCS Grayfox TWR 825 ship has been operating on the St Clair River in Port Huron since 1998 training youth in maritime operations, character, and service. The U.S. Navy utilizes the YMCA throughout the U.S. to prepare future Sailors for boot camp.

The ship is berthed on the St Clair River in Port Huron. There is no ready access to a fresh water source or sewage while the ship is at berth. During winter months there is little access to facilities for physical training which is a condition of Sea Cadet training. These limitations result in restricted physical training and water use for meals, showers, personal hygiene, and lavatory.

Sea Cadets may use the YMCA of the Bluewater Area for personal hygiene when the Grayfox cannot accommodate fresh water and for physical training

Purpose: This procedure describes the process for using the YMCA of the Bluewater Area for personal hygiene and physical training.

Procedure:

1. The Grayfox trainers and Sea Cadets are permitted to use the facilities of the YMCA of the Bluewater Area for showers, lavatory, and physical training, on a limited basis.
2. A Sea Cadet COTC leader must authorize a Sea Cadet to use the facility.
3. The Grayfox will maintain a list at the YMCA of authorized leaders.
4. A leader will sign for a facility access card at the front desk and return the card at the completion of the event.
5. The YMCA will be notified 3 days in advance.
6. YMCA facilities are available when space and facilities are available.
7. The YMCA may charge \$8.00 per Cadet for use of the facility for physical training.
8. Facilities are available only for required hygiene and training.
9. Anyone that disrespects the use of the facilities will lose the privilege. The Grayfox policy, leave your area better than you found it, will be observed.

NSCS Grayfox and YMCA of the Bluewater Area

Facility Access List

The following are permitted to approve Cadet use of the facilities at the YMCA of the Bluewater Area.

Name	Title/Position	Email	Phone
Jim Semerad	Commanding Officer	jimsemerad@cs.com	248-467-1204
Brian Eickel	Executive/Training Officer	be2@chrysler.com	810-338-6352
